

NPCA

Precast ... The Concrete Solution

February 14, 2012

Mr. Charles Kottwitz
Zeiser Wilbert Vault Inc.
750 Howard St.
Elmira, NY 14904

Dear Mr. Kottwitz:

NPCA's Quality Assurance Committee is pleased to inform you that Zeiser Wilbert Vault Inc. in Elmira, NY has achieved one of the top 25 scores in NPCA's Plant Certification Program for 2011. With nearly 400 plants participating in the Plant Certification Program, this is a significant achievement that places your plant in the top 7% of all NPCA certified plants, and the Quality Assurance Committee offers its congratulations to your entire team.

Each year, the Quality Assurance Committee honors each Top 25 plant with a Quality Merit Award to recognize this significant achievement. The awards will be presented at a special Quality Awards Luncheon Wednesday, Feb. 29, at noon at the Rosen Shingle Creek, the headquarters hotel for The Precast Show. The event is part of NPCA's Precast Show activities.

I would like to personally invite you to attend the Quality Awards Luncheon to accept the award. In addition to receiving a plaque in recognition of Zieser Wilbert Vault Inc.'s achievement, the NPCA Board of Directors will be in attendance to mark this important event and congratulate the plants being honored. You can register for the luncheon by going online to www.ThePrecastShow.org.

In addition to the Quality Awards Luncheon, I encourage you to attend the Precast Industry Awards Luncheon on Thursday, March 1, where the top three scoring plants for 2011 will be announced and presented with the Quality Award of Excellence.

I hope you plan to join us in Orlando to accept this prestigious award. Congratulations again on your outstanding achievement!

Sincerely,

Richard Alvarado
Chairman, Quality Assurance Committee
